

Lead-Based Paint Disclosure

Lead warning statement

Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, lessors must disclose the presence of known lead-based paint and/or lead-paint hazards in the dwelling. Tenants must also receive a federally approved pamphlet on lead poisoning prevention.
